Rental E-Commerce Marketplace Project Plan

⇒ Marketplace Type: "Rental-E-Commerce"

⇒ My primary purpose of the Website is:

"To Provide users with an easy-to-use and trusted platform where they can rent cars as per requirements without any hidden charges or complications."

⇒ website aims are ⇒ Providing users with an online car rental service.

⇒ Displaying clear pricing & availability.

⇒ Allowing users to select & reserve a car online without hassle.

⇒ Offering reliable and verified cars and services.

(Page-2)

⇒ Website is unique and best in the market. Because I include following features in the website.

⇒ Wide Range of Cars: Economy, SUVs and family plans.

⇒ Customized Packages: Hourly, daily, weekly, and monthly plans.

⇒ Exclusive Features: Driver facility, GPS tracking and 24/7 customer support.

⇒ User Experience: Simple booking process, multiple payment methods, and real-time booking updates.

⇒ Offers & Discounts: Seasonal discounts and loyalty programs.

⇒ Target Audience:

⇒ Domestic Travelers: Local individuals looking to rent cars within their city.

⇒ Tourists: Exploring various cities in Pakistan.

⇒ Corporate Clients: Renting cars for business purposes.

⇒ Family and Groups: Needing large vehicles for vacations.

⇒ My Website is for those looking for reliable and affordable car rentals, whether they are domestic travelers or international tourists.

⇒ Service Areas:

⇒ Major Cities: Karachi, Lahore, Islamabad and Peshawar

⇒ Nearby Areas: City outskirts & tourist spots where people want to travel.

⇒ On-Demand Expansion: Expanding to more areas as per customer's requirements.

⇒ Service is available in major cities, and my aim is to fulfill every customer's travel needs across the country.
